# WATER CURTAIN SYSTEMS – REFRESHING, EXHILARATING, INVIGORATING

Welcome to Paradise. Enter a **fluvo**® water curtain and close your eyes: the massaging pattering of the water curtain, the rushing in your ears, the unbelievable sense of refreshment – bathers find themselves in the centre of a tropical waterfall. The **fluvo**® water curtain is a swimming pool water feature which provides fun and lifts your spirits. Its architectural design and the veil of water it creates

provide the optical highlight for every pool. Decades of experience in the development and perfection of water curtain systems stand behind the perfect **fluvo**® curtain. Using high-tech carbon fibre, **fluvo**® manufactures the, most beautiful’ of the beauties: with its sleek base and its wide opening, cobra® carbon is a fantastic water curtain for any pool.
